Hi Tina -

Belatedly following up on your offer from last December 2014.

Can you please ask DEQ to burn a copy of the CD containing the administrative record submitted to R8 in support of the numeric nutrient rule package and send it to me at the address in my signature? The goal here is to have all for our files of all the items noted in MT's submission letter, particularly the technical support documents, many of which I don't have.

Much obliged!

GA

Hi Guy,

Here is a copy of the letter. If you need a copy of the materials on the cd, I can ask DEQ to burn a copy for you.
